

## HATCLIFF CONSTRUCTION

**# Company Staff:** 2

**# Years in business:** 32

**Describe yourself in a few sentences:** Hatcliff Construction is a family-owned and operated construction company that has been building fine custom homes in Middle Tennessee for over 30 years. Hatcliff Construction has been named a member of the *Southern Living Custom Builder Program*. Hatcliff Construction was chosen for their extensive experience and knowledge, reputation in the marketplace and focus on the discriminating customer who is looking to build a custom home.

**What inspires you?** We annually attend the *Southern Living Design Summit* to take part in the seminars and to network with the other Southern Living Custom Builders and Designers.

**What are your favorites features and products to incorporate into custom homes?**

We work very hard to make sure each house we build is uniquely different. Each home we build represents the style and character of the family we are building for. It is our goal to keep all of our homes fresh and distinctly special.

**Has The Grove's vision exceeded your expectations and why?** Everything that has been promised has been followed through. From a covered bridge to a playground, everything we have been told was going to happen has actually materialized. That is not the norm in this industry.

**What are your hobbies outside of homebuilding?**

Patrick loves hunting and fishing. Mary loves flower gardening. Both loves spending time with their daughters and grand-daughters.
