

LEGEND HOMES

Company Staff: 10

years in business: 13

of homes built to date: 200+

Describe yourself in a few sentences: I like to listen to all the ideas of those that I am surrounded by and then work together towards the best solutions. I also think that I have an intuitive sense for building a great team of people.

Describe your team: We thoroughly cover all the bases from architecture and interior design to value engineering, writing accurate specifications, and excellent field management.

What inspires you? The desire to be creative with great design and architecture. I love seeing innovative product being developed and have the desire to always want to improve on that.

What are your favorite features and products to incorporate into custom homes? I love outdoor living spaces and creating interior spaces that relate well to the outdoors with windows or other elements that introduce a lot of natural light. Interesting architectural details are also a favorite feature.

Has The Grove's vision exceeded your expectations and why? Yes, The Grove has exceed expectations due to the overall quality of the development such as careful planning of streetscapes and well-executed amenities for the neighborhood.

Which Grove home are you most proud of and why? Our Parade of Homes' home is filled with new and fresh ideas. There are elements of it that are a departure from any of our previously built homes.

What are your hobbies outside of homebuilding? Listening to and playing music, exercising, and spending time with my family.
